**In addition to our regular Planetarium holiday shows ([www.iziko.org.za/planetarium](http://www.iziko.org.za/planetarium)), don't miss this first for Cape Town - FULL DOME digital planetarium shows!**

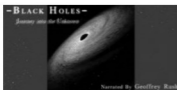

A definiti 8 channel 4K ultra-high resolution system using 2 x Sony SXR10K projectors. This system presents one of the highest picture qualities of any planetarium in the world!

**Tycho to the Moon** - Meet Tycho, a dog who doesn't just howl at the moon, but who wants to go there.

**6 - 13 April . 11:00 daily**

Especially for children aged 5-10

## **Black Holes – Journey into the Unknown**

This visually-dynamic production recently won a major award at DomeFest in the United States. It is narrated by Geoffrey Rush.

**6 - 13 April . 16:00 daily**

For teenagers and adults

**Awesome Light** - This production mixes extraordinary timelapse sequences of the telescopes and brand new discoveries of an extra-solar planet, a supernova observed in real time and a deep galactic survey that is changing the way scientists think about the evolution of the Universe.

**6 - 13 April . 18:00 daily**

For teenagers and adults

**Infinity Express** - an exciting journey of discovery, dramatically communicating the latest breakthroughs in our quest to understand the Cosmos. A remarkable blend of science, art and entertainment. Narrated by Laurence Fishburne.

**6 - 13 April . 20:00 daily**

For teenagers and adults

## **ENTRANCE FEES**

Adults: R20; Children: R6; Adults (children's show only): R10
