

ART CLUB AT IZIKO

LEARNER SUPPORT: ART

This resource aims to guide learners and parents/teachers through weekly activities which require simple art making materials and recycled materials. The activity is suitable for children with any level of exposure and ability in art.

Creative Safari

STEP 1

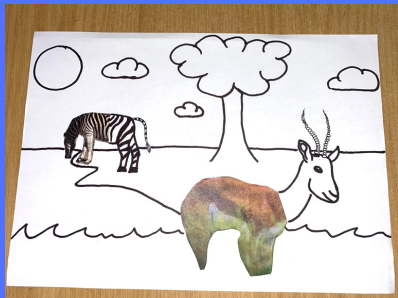

Look through magazines and newspapers for a few of your favourite animals.

STEP 2

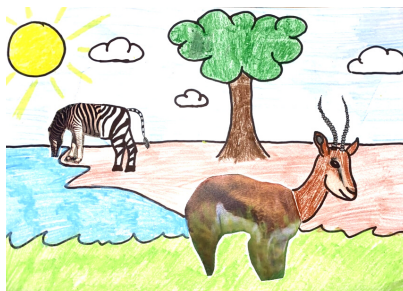

Using a scissors/tearing remove legs/head/horns etc. to be able to add your own creativity. The animal can be half zebra, half duck- use your imagination to make a new animal. Or you can expand on the cut-out by redrawing the parts that have been removed.

STEP 3

Use Markers/crayons to draw the scenery/landscape that your animals will live in.

STEP 4

Colour your landscape!
