

# ART CLUB AT IZIKO

## LEARNER SUPPORT: ART

This resource aims to guide learners and parents/teachers through weekly activities which require simple art making materials and recycled materials. The activity is suitable for children with any level of exposure and ability in art.

### WHAT YOU'LL NEED

- A3 paper
- Oil Pastels
- Magazines
- Water colours /paint/crayons
- pencil

## Remembering Lockdown Collage

### STEP 1

Collect magazines and cut out images of things that you've missed during lockdown in 2020/21. This could be friends, favourite foods, school, team sports etc. Paste the magazine cut-outs on your A3 page.

### STEP 2

Use your pencils and pastels to draw some of the aspects of your life that you may have missed, but don't find suitable magazine images for.

### STEP 3

Decorate your collage so that your background looks interesting. You can either use water colours or oil pastel. You can fill the background with patterns, clouds of colour or even magazine cut-outs.

### STEP 4

Use the text and words to write a 'lockdown story'. This could be a good way to look back/reflect on a very challenging time for everyone.

Share your 'lockdown story' with your friends and family. This could be a good start to some meaningful conversations and sharing.
