

ART CLUB AT IZIKO

LEARNER SUPPORT: ART

This resource aims to guide learners and parents/teachers through weekly activities which require simple art making materials and recycled materials. The activity is suitable for children with any level of exposure and ability in art.

WHAT YOU'LL NEED

- shoe box/ tissue box
- scissors/ Blade
- colour paper/ paint
- crayons/markers

'Embossed' Poster

STEP 1

Use a pencil to outline the letters of the slogan or message you're wanting to share on your poster. The message could read 'Masks save lives', 'Stay Home, Save Lives' etc.

STEP 2

Tear your toilet paper into strips that can be layered to create a 'risen' or an embossed look to your message.

STEP 3

Follow the outlines of each letter with the glue and start layering the toilet paper.

STEP 4

Using your paints/markers colour each letter to allow your message to stand out. If you chose to use paint, don't add too much water as the toilet paper will become soft.

You can add extra details on your poster such as ,sanitizers, masks, hands being washed, people talking via video calls or cell phones etc.
